## Sales Engineer (m/f/d) in full-time (40h / week)

**JOB ID: E0031, Location: 1801 West Warner Avenue, Chicago IL**

ProLeiT is a medium-sized IT company headquartered in Herzogenaurach/Germany. For global players in the brewing, beverage, food, bakery, dairy, pharmaceutical/biopharmaceutical and chemical industries, we develop and supply automation solutions for the process industry on a worldwide level. Our **process control systems** and **Manufacturing Execution Systems (MES)** are utilized in more than 1,800 production facilities, in over 100 countries.

Help us transform technological innovation into world-class software solutions and services and become a part of our ongoing success story since 1986!

To expand our **sales and engineering team** in Chicago, we are looking for a Sales Engineer (m/f/d) .

### Your tasks at ProLeiT:

- › Preparation of sales documents after a thorough training on the system platform developed in-house
- › Support in the preparation of offers
- › Independent acquisition of new customers
- › Clarification of the task definition at the customer and development of system technical solution concepts
- › Continuous expansion of the customer base through intensive relationship management, development of long-term business relationships, and generation of new orders

### Our expectations:

- › Relevant vocational training or respective academic degree in engineering or economics with a strong technical background
- › Ideally experience in the sales of systems requiring explanation
- › Positive and professional appearance and joy in dealing with people. For you, customer satisfaction always comes first.
- › Willingness to travel

### Your new opportunities at ProLeiT:

- › We offer long-term employment in a growing, innovative and globally operating company, with flat hierarchy and short communication channels
- › We support you in your personal and professional development
- › We live our values of helpfulness, responsibility, openness and respect
- › We offer a range of benefits including flexible working hours; medical, vision, life and dental insurance; LTD and STD; 401k with an employer match

### Your application for your new job at ProLeiT:
