### ProLeiT USA moves to new office

[www.proleit.com](http://www.proleit.com)

ProLeiT Corp., the US subsidiary, moved from Dallas/Texas to Exton/Pennsylvania. The new employees that started

working at ProLeiT since October 2013 are

currently attending some trainings at the German headquarters in Herzogenaurach. In April next year they will return to the US subsidiary to start working on current projects.

### New office in Hanover/Germany

[www.proleit.com](http://www.proleit.com)

On November 01, 2013 ProLeiT opens one more office in Hanover. The office, that is located at Ikarussallee 15 in Hanover, is directed by Dr. Harald Freer. He also was the Managing

Director of the Austrian subsidiary one year ago. Dr. Freer remains to the team of the ProLeiT Group for several years. He will be supported by one more sales engineer. For the upcoming year 2014 a few more job offers are planned for the Hanover office.

### ProLeiT Christmas Charity

[www.proleit.com](http://www.proleit.com)

ProLeiT AG remains faithful old habits and has again decided to refrain from giving Christmas presents to customers – in favor of a donation. As in previous years, the donation this year again is forwarded to Lebenshilfe Erlangen-Höchstadt (West) e.V. foundation. The donation cheque (worth 2,500 euros) will be handed over by the Management Board to Josef Hennemann,

Managing Director of the foundation, in January 2013. The donation will enable the foundation to support disabled people and helps to promote the integration of people with a primarily mental handicap. By forwarding Christmas donations to the foundation continuously ProLeiT wants to ensure long-term actions, services and facilities of Lebenshilfe Erlangen-Höchstadt (West) e.V.
